ERRATA

45 The name of the senior author of the paper entitled "Indications de la neurographie pour névrite hansénienne", should read CARAYON, and not CARYON.

135 In the abstract of the paper on kala azar in Malta under the name of NUTI, M., which appears on this page, it was not made clear that the article was in fact a review of a paper published by CACHIA & FENECH, and already abstracted in this *Bulletin*, 1964, v. 61, 1201.

402 In the abstract of the paper by BHATTACHARYA *et al.*, the words beginning the second sentence in the second paragraph should read:—"All 5 animals with vibrios alone died within 24 hours with congestion of the blood-vessels of the small intestine and distension of the large intestine with watery fluid, whereas . . ."

524 In the paper by LANDAU, I. & CHABAUD, A. G., the reference of the reprint should read: *C. R. Acad. Sci.*, 1965, v. 261, 230–32, not v. 260, as printed.

634 In the abstract of the paper by HOARE, the word "parexeny" in the last line should read "paraxeny".

809 In the abstract of the paper by KERSHAW, the fourth sentence of the second paragraph should read:—"The author's own studies of *Simulium* in Welsh rivers are designed to provide specific control measures and so avoid creation of the imbalances which are a consequence of a raped environment."

996 The name of the author SZUMLEWICZ should be amended to PERLOWAGORA-SZUMLEWICZ, A. In the abstract of the paper, lines 8 and 9, "1 egg per 2 gm. tissue . . ." and "over 20 in mice . . ." should read "1,000 eggs per 2 gm. tissue . . ." and "over 20,000 in mice . . .".
